

PRODUCT TECHNICAL DATA SHEET

CATEGORY: Floor Care/Central Vacuum Cleaning

Hose conical form

Profile

Light, round, conical and braided

Application	Centralized vacuum cleaner hose
Structure	Made from EVA with a high smooth inner surface.
Key Features	Light, high- flexible, weather- proofed and abrasion resistant. Excellent resetting quality under heavy radial deformation. Good chemical stability. A versatile handle with an integrated On /Off switch. The central unit of the system is mounted in a fixed place outside the area to be vacuum cleaned, (unlike a conventional vacuum cleaner) for example in a wall cabinet or basement. The generated exhaust air is directed outside by the central vacuum system which is an ideal solution for those suffering from allergies. A conical shape means more efficient cleaning, lower energy consumption and less noise.
EU reference standard	Equates to EU- Directive 2011/65/EU (RoHS)
Temperature range	-45°C to +65°C
Vacuum stability	Up to 50 kPa /500 mbar
Inside-Ø	32/34 mm (custom made diameter possible)
Length	8,9,10 and 12 Meters.
Standard Colors	Charcoal- silver stripes. (Other colors upon request)

Please note: Values and consistencies stated are guidelines subject to change according to model, application and environmental effects. We do not take any legal responsibility for its applicability regarding the quality characteristics and performance for a specific use. The buyer of this product needs to check by himself these points mentioned above to guarantee that the product is suitable for his needs. The receiver of this product needs to respect existing laws, regulations and industrial property rights.

TECHNICAL SPECIFICATION TO A TEMPERATURE OF 20° C ±1% TO DIMENSIONS, 5% ON ALL TECHNICAL SPECIFICATIONS. SUBJECT TO CHANGE WITHOUT PRIOR NOTICE.
